Scope

A digital loan-application and decisioning workflow with a member self-service portal and staff underwriting and servicing tools.

Capabilities delivered

Describe these in the proposed-solution section of a response.

- Online loan application with document upload
- Automated pre-qualification and decisioning rules
- Member self-service portal for status and payments
- Staff underwriting and servicing workspace
- Configurable approval workflows and audit trail
- E-signature for closing documents

Requirements this offering answers

If an RFP asks for these, this offering is the right match.

- Digitize loan applications and decisioning
- Shorten loan decision times
- Give members self-service status and payments
- Provide staff underwriting and servicing tools
- Maintain a full audit trail for compliance
- Integrate with core banking and credit data

Integrations

Name the buyer's actual systems when the RFP identifies them; these are the fallback.

- The core banking system
- A credit-bureau / decisioning data provider
- Document-management and e-signature systems

Differentiators

- Configurable decisioning rules with a complete audit trail
- Experience designed for both members and back-office staff

Success measures buyers care about

Mirror these in an executive summary when the RFP states similar goals.

- Average loan decision time reduced from days to hours
- Majority of applications submitted digitally
- A full audit trail available for regulatory reporting

Approved positioning language

Adapt the wording to the buyer's own terms; keep the substance intact.

Understanding of needs

Your members expect a fast, digital lending experience, while your staff need reliable underwriting tools and a defensible audit trail for regulators.

Proposed solution

We will deliver a digital loan-origination platform: online applications with document upload, configurable pre-qualification and decisioning rules, a member self-service portal, a staff underwriting and servicing workspace, and e-signature — integrated with your core banking and credit-data providers, with a complete audit trail.
